SECTION 1 – LEGISLATIVE FINDINGS AND DECLARATIONS

The Legislature finds and declares the following:

(a) The Lockyer-Isenberg Trial Court Funding Act (hereafter act) provides that court operations are to be funded by the state, rather than primarily by the counties, as they had been prior to the enactment of the act. Although the counties continue to contribute to trial court funding through maintenance-of-effort obligations, the restructuring of court funding ends a dual system of county and state funding and provides a more stable and consistent funding source for trial court operations. Counties, however, continue to bear primary responsibility for trial court facilities.

(b) The act also created the Task Force on Court Facilities (hereafter task force) to deal with the question of facilities that has been left as the responsibility of the counties by the act. The purpose of this act is to transfer the responsibility for trial court facilities funding and operation to the state in a manner generally consistent with the recommendations of the task force.

(c) **The overarching recommendation of the task force is that responsibility for trial court facilities funding and operation be shifted from the counties to the state.** The primary reasons for that recommendation are as follows:

(1) **The judicial branch of government is now wholly responsible for its programs and operations, with the exception of trial court facilities. The judiciary should have the responsibility for all of its functions related to its operations and staff, including facilities.**

(2) **Uniting responsibility for operations and facilities increases the likelihood that operational costs will be considered when facility decisions are made, and enhances economical, efficient, and effective court operations.**

(3) **The state, being solely responsible for creating new judicial positions, drives the need for new court facilities.**

(4) **Equal access to justice is a key underpinning of our society and the rule of law. It is also a paramount goal of the Judicial Council, the policymaking body of the judicial branch. The state can best ensure uniformity of access to all court facilities in California.**

(d) Specific provisions for carrying out this transfer of responsibility for trial court facilities from the counties to the state are contained in this act. The guiding principles for the transition are as follows:

(1) The transfer shall occur as expeditiously as possible and be completed by June 30, 2007.

(2) The transfer shall be negotiated on a building-by-building basis between the state and the counties. Negotiations shall be consummated in an agreement governing each facility.

restatement of recommendations of Task Force on Court Facilities
[Emphasis added.]

- (3) **The Judicial Council shall represent the state's interests in negotiations with counties.**
- (4) Generally, fee title to court facilities shall be transferred to the state when possible. However, in the case of joint-use facilities or historic facilities, title may remain with a county as provided for in the governing agreement. In those cases, **the principal guiding negotiations shall be the preservation of the respective equity interests of the county and the state in a joint-use or historic facility.**
- (5) Generally, the Judicial Council and the county shall agree to the transfer of responsibility for each court facility in that county unless transfer of responsibility is rejected.
- (6) **Counties shall not be entitled to compensation for any equity value of court facilities transferred to the state.**
- (7) **Generally, the state shall be expected to accept responsibility for facilities in an as-is condition.** However, the state may reject facilities that are seriously deficient, and require counties to continue financial responsibility for those facilities.
- (8) Counties shall provide funding for facilities operation and maintenance costs based on historic funding patterns through a county facilities payment to the state. An amount shall be calculated for each facility and that amount shall be agreed to prior to the transfer of responsibility for the facility to which it pertains. This funding shall be provided in perpetuity, but not indexed to increase with inflation over time.
- (9) A method shall be created to resolve disputes between the Judicial Council and a county if those parties fail to reach agreement for a facility or the appropriate calculation of the county facilities payment amount.
- (e) The same responsibility for appellate court facilities, including the responsibility for planning and construction of new facilities, shall be transferred to the Judicial Council.
- (f) The task force recommendations concerning money collected for court facilities consist of the following:
- (1) That money collected for trial court facilities operation and maintenance through the county facilities payment, as deposited in the Court Facilities Trust Fund, which represents "funds historically spent by counties to maintain existing court facilities," should continue to be used "to fund or offset the management, operations, and maintenance of all existing facilities."
- (2) That the money collected for court facilities construction through filing fee surcharges and the State Court Construction Penalty Assessment, as deposited in the State Court Facilities Construction Fund, should be "dedicated to the capital facilities' needs of the judicial branch."

SECTION 2 – APPELLATE COURT FACILITIES

Section 69202. (a) The Judicial Council shall annually recommend to the Governor and the Legislature the amount proposed to be spent for the planning, renovation, and building of facilities for the appellate courts.

(b) Facilities shall be subject to the State Building Construction Act of

jurisdiction over appellate court facilities

<p>1955 (commencing with Section 15800) and the Property Acquisition Law (commencing with Section 15850), except, notwithstanding any other provision of law, the Administrative Office of the Courts shall serve as the implementing agency upon the approval of the Department of Finance.</p>	
<p>Section 69204. The Judicial Council, as the policymaking body for the judicial branch, shall have the following responsibilities and authorities with regard to appellate court facilities, in addition to any other authority or responsibilities established by law:</p> <ul style="list-style-type: none"> (a) Exercise full responsibility, jurisdiction, control, and authority as an owner would have over appellate court facilities, including, but not limited to, the acquisition and development of facilities. (b) Exercise the full range of policymaking authority over appellate court facilities, including, but not limited to, planning, construction, acquisition, and operation, to the extent not otherwise limited by the law. (c) Establish policies, procedures, and guidelines for ensuring that the appellate courts have adequate and sufficient facilities, including, but not limited to, facilities' planning, acquisition, construction, design, operation, and maintenance. (d) Allocate appropriated funds for appellate court facilities maintenance and construction, subject to the other provisions of this chapter. (e) Prepare funding requests for appellate court facility construction, repair, and maintenance. (f) Implement the design, bid, award, and construction of all appellate court construction projects, except as delegated to others. (g) Provide for capital outlay projects that may be built with funds appropriated or otherwise available for these purposes, as follows: <ul style="list-style-type: none"> (1) Approve five year and master plans for each appellate court. (2) Establish priorities for construction. (3) Submit the cost of projects proposed to be funded to the Department of Finance for inclusion in the Governor's budget. (h) Keep funding for appellate court facilities, whether for operation, planning, or construction, separate from funding for trial court facilities. 	
<p>Section 69206. The Administrative Office of the Courts shall have the following responsibilities and authority in addition to other responsibilities and authority granted by law or delegated by the Judicial Council:</p> <ul style="list-style-type: none"> (a) Carry out the policies of the Judicial Council in regard to appellate court facilities, except as otherwise limited by the law. (b) Develop for Judicial Council approval the master plans for appellate court facilities in each court. (c) Construct appellate court buildings, including, but not limited to, selection of architects and contractors, except as otherwise limited by the law. 	

SECTION 3 – COUNTY RESPONSIBILITY FOR COURT FACILITIES

Section 68073 of the Government Code is amended and renumbered to read:

Section 70311. (a) Commencing July 1, 1997, and each year thereafter, no county or city and county is responsible to provide funding for "court operations," as defined in Section 77003 and Rule 810 of the California Rules of Court, as it read on July 1, 1996.

(b) Except as provided in Section 70312, commencing as of July 1, 1996, and each year thereafter, each county or city and county shall be responsible for providing necessary and suitable facilities for judicial and court support positions created prior to July 1, 1996. In determining whether facilities are necessary and suitable, the reasonable needs of the court and the fiscal condition of the county or city and county shall be taken into consideration.

(c) If a county or city and county fails to provide necessary and suitable facilities as described in subdivision (b), the court shall give notice of a specific deficiency. If the county or city and county then fails to provide necessary and suitable facilities pursuant to this section, the court may direct the appropriate officers of the county or city and county to provide the necessary and suitable facilities. The expenses incurred, certified by the judges to be correct, are a charge against the county or city and county treasury and shall be paid out of the general fund.

(d) Prior to the construction of new court facilities or the alteration, remodeling, or relocation of existing court facilities, a county or city and county shall solicit the review and comment of the judges of the court affected regarding the adequacy and standard of design, and that review and comment shall not be disregarded without reasonable grounds.

(e) Any reference in the statutes enacted prior to January 1, 2003, that refers to Section 68073 shall be deemed to refer to this section

ARTICLE 2. Responsibility for Court Facilities

<p>Section 70312. If responsibility for court facilities is transferred from the county to the Judicial Council pursuant to this chapter, the county is relieved of any responsibility under Section 70311 for providing those facilities. The county is also relieved of any responsibility for deferred or ongoing maintenance for the facility transferred, except for the county facilities payment required by Section 70353. Except as otherwise provided by this chapter, or by the agreement between the Judicial Council and the county under this chapter, the Judicial Council shall have ongoing responsibility for providing trial court facilities. If responsibility for all court facilities within a county has been transferred pursuant to this chapter, that county shall have no responsibility for providing court facilities. This section does not relieve a county of its obligation under Article 5 (commencing with Section 70341) or its obligations under any agreement entered into pursuant to this chapter.</p>	<p>county relief from deferred and ongoing maintenance</p>
<p>Section 70313. This chapter may not be construed as authorizing a county, a city and county, a court, the Judicial Council, or the state to supply to the official reporters of the courts stenography, stenotype, or other shorthand machines, or as authorizing the supply to the official reporters of the courts, for use in the preparation of transcripts, of typewriters, transcribing equipment, supplies, or other personal property. The enactment of this provision is a statement of existing law under former subdivision (f) of Section 68073 and is not a modification of the prior law.</p>	<p>ongoing responsibility to provide official court reporting services</p>
<p>ARTICLE 3. Agreements Transferring Responsibility for Court Facilities</p>	
<p>Section 70321. The Judicial Council, in consultation with the superior court of each county and the county shall enter into agreements concerning the transfer of responsibility for court facilities from that county to the Judicial Council. The agreements shall be negotiated between July 1, 2003, and June 30, 2007, inclusive. Transfer of responsibility may occur not earlier than July 1, 2004, and not later than June 30, 2007. On or before July 1, 2003, each county shall designate those persons who shall negotiate the agreements on behalf of the county and shall give the Judicial Council the names of those persons. The name of a person designated by a county to negotiate on its behalf may be changed by the county at any time by providing written notice to the Judicial Council.</p>	<p>timeline for transfers</p>
<p>Section 70322. The transfer of responsibility for court facilities in each building shall be subject to a separate agreement.</p>	<p>separate agreements for each building</p>
<p>Section 70323. Subject to the provisions of Section 70325 concerning a building subject to a bonded indebtedness, and Section 70329 concerning historic buildings, transfer of responsibility for court facilities shall be evidenced by the following change in title to the building containing those facilities:</p>	<p>options for titles to transferred buildings</p>

<p>(a) If the building is currently owned by the county and used solely for court functions, the building shall be transferred to the state which shall hold title to and use of the entire building. This subdivision may not apply to buildings that are deficient as provided in subdivision (b) of Section 70326. Unless bonded indebtedness, including the legal obligation to pay the indebtedness, is transferred to the state, this subdivision does not apply so long as a court facility is subject to bonded indebtedness. Title shall transfer to the state when the bonded indebtedness is paid. For the purposes of this subdivision, bonded indebtedness includes only the bonded indebtedness existing at the time of transfer of responsibility, and any refunding of the existing bonded indebtedness issued to achieve monetary savings to the county. Any refunding under this subdivision does not extend the original maturity date of the bonded indebtedness and may not increase the original principal amount of the indebtedness, except to pay costs relating to the refunding of the bonded indebtedness.</p>	<p>buildings with solely court functions</p>
<p>(b) If the building is currently owned by the county and used for court and other county functions, title to the building may be held in one of three ways, each of which shall be considered a transfer of responsibility for the court facilities for purposes of Section 70312:</p> <p>(1) The county may continue to hold title to the building.</p> <p>(2) The county may transfer title to the building to the state.</p> <p>(3) The county may transfer title to the building to joint ownership between the county and the state.</p>	<p>shared-use facilities</p>
<p>(c) If the building is currently owned by a third party and leased by the county, any of the following apply:</p> <p>(1) If the lessor consents to transfer of the lease to the state either without modification of the lease or on modification terms acceptable to the county and the Judicial Council, the county shall transfer its rights and responsibilities under the lease to the state. The court shall then occupy the building under the terms of the lease.</p> <p>(2) If the lessor does not consent to the transfer of the lease to the state or the lessor's new terms for transfer of the lease to the state are unacceptable to either the county or the Judicial Council, the county shall continue to provide facilities to the court under the terms of the lease and the amount of the lease payments shall be excluded from the county facilities payment provided by Section 70359. Upon expiration of the lease, the amount of the lease payments shall then be included in the county facilities payment in the same manner provided by Section 70359, as if the lease were transferred to the state.</p>	<p>leased facilities</p>
<p>(3) If the lessor does not consent to the transfer of the lease to the state or the lessor's new terms for transfer of the lease to the state are unacceptable to either the county or the Judicial Council, the county and the Judicial Council may agree that the provisions of paragraph (2) of subdivision (c) shall not apply, the court shall find alternative facilities, and the amount of the lease payments due under the lease shall be included in the county facilities payment as provided by Section 70359. The agreement under this subdivision may include an agreement for a different lease payment amount to be included in the county facilities payment.</p>	

<p>Section 70325. (a) (1) If title to a building proposed to be transferred pursuant to this chapter is subject to a bonded indebtedness, the county shall retain the revenue sources used to pay the bonded indebtedness in which case the county shall be required to continue to make the payments on the bonded indebtedness.</p> <p>(2) As an alternative to paragraph (1), the county and the state may agree that the county shall transfer the revenue sources to the state, in which case, the state shall be required to make the payments on the bonded indebtedness in the amount of the revenue received. If the amount payable on the bonded indebtedness exceeds the amount of the revenue transferred to the state, the county shall be responsible for paying the remaining amount. If a revenue source is used to pay the bonded indebtedness on several buildings and not all of those buildings are being transferred to the state, the county shall transfer the proportion of the revenue used to pay the bonded indebtedness on the buildings transferred to the state. Except for revenue sources subject to Section 70375, any revenue source transferred by the county to the state under this paragraph shall be transferred back to the county by the state when the bonded indebtedness on the building is retired.</p> <p>(b) Except in the case of a shared use building or historical facility whose title is not being transferred from the county, the agreement concerning transfer of responsibility for court facilities contained in a building subject to bonded indebtedness shall specify when title to the building will transfer, which shall not be later than the date of final payment of the bonded indebtedness on the building. A county shall not extend the term of the final maturity date of, or increase the amount of, any bonded indebtedness on a building containing court facilities whose responsibility has been transferred to the state without the consent of the Administrative Director of the Courts. For the purposes of this subdivision, the amount of the bonded indebtedness shall not be deemed to be increased if the amount is refunded for an amount not greater than the original principal amount of the indebtedness plus any costs relating to the refunding of the bonded indebtedness.</p> <p>(c) Notwithstanding any provision to the contrary in this chapter, during the period and to the extent which bonded indebtedness is outstanding with respect to any court facility, the state shall not have any equity or other ownership rights in, to, or with respect to, the court facility. A county may not sell, assign, or transfer any rights or interests in that facility, or otherwise further encumber the facility, other than those rights, interests, or encumbrances required by legal documents establishing the bonded indebtedness. If, during the period of bonded indebtedness outstanding with respect to a court facility, the state is required to vacate the facility through the operation or enforcement of the legal documents establishing the bonded indebtedness, the county shall be responsible for providing the state with suitable and necessary court facilities at least equal to those occupied by the state immediately prior to the date on which the state was compelled to vacate the facility.</p>	<p>buildings with bond indebtedness</p>
<p>Section 70326. (a) Except as provided in this section, the agreement may not require any payment from the county to the state for any deficiencies in the court facilities being transferred caused by deferred maintenance.</p> <p>(b) A building and the court facilities in it shall be deemed deficient if any</p>	<p>effect of deficiencies on potential transfers</p> <p>grounds for rejecting a</p>

<p>(e) The Administrative Director of the Courts, in his or her discretion, with the approval of the Director of Finance or his or her designee, may waive the inspection required by subdivision (a) upon his or her finding of either of the following:</p> <p>(1) The ratio of court facilities to other facilities in the building is minimal and title to the building is not being transferred to the state.</p> <p>(2) The amount of court space in the building does not exceed 10,000 square feet.</p>	<p>waiver of inspection</p>
<p>Section 70328. If a building receives an unacceptable seismic safety rating under Section 70327, or is rejected as deficient under Section 70326, the county may appeal that action to the Court Facilities Dispute Resolution Committee. The state has the burden of proving by a preponderance of the evidence the unacceptable seismic safety rating or deficient rating.</p>	<p>county appeal of unacceptable seismic rating or building rejection</p>
<p>Section 70329. (a) Title to a historical building containing court facilities may not be transferred to the state without the express consent of the county's board of supervisors.</p> <p>(b) If title to a historical building containing court facilities is not transferred to the state, the county may still be relieved of its responsibility to fund court facilities under Section 70312 if the county as part of its agreement under this article either:</p> <p>(1) Makes the court facilities within the historical building available to the Judicial Council for court use.</p> <p>(2) Provides, with the consent of the Judicial Council, alternative court facilities of at least comparable size, condition, and utility.</p> <p>(c) Court facilities provided under this section shall meet all requirements for transfer of court facilities under this chapter, and the court and the Judicial Council shall have all the rights to that building that they have under this chapter to other court facilities whose responsibility is transferred to the Judicial Council.</p> <p>(d) A county shall not prevent a court from using court facilities traditionally used by that court in a historical building, except with the consent of the Administrative Director of the Courts.</p>	<p>historic buildings</p>
<p>Section 70330. The agreement shall provide for parking spaces for the court of comparable convenience, number, and type, as was made available for court use as of October 1, 2001. For purposes of this section, parking spaces for the court includes, but is not limited to, spaces for judges, court employees, other court staff, witnesses, and jurors.</p>	<p>parking spaces</p>
<p>Section 70331. (a) If there are one or more pending phases of a project involving court facilities and the responsibility for the facility is to be transferred to the Judicial Council, the Judicial Council may, as part of the agreement under this article, require the completion of those phases of the project, to the extent that county funds or property have been allocated, approved, appropriated, or committed to those phases of the project by resolution or ordinance as a condition of transfer of responsibility to the Judicial Council.</p>	<p>pending court facility projects</p>

<p>(b) This section applies irrespective of whether title to the building containing the court facilities is to be transferred to the state.</p> <p>(c) As used in this section, a phase of a project is to be deemed pending to the extent that the board of supervisors has either approved the phase in whole or in part at a board of supervisors meeting, and allocated or appropriated money for the phase in whole or in part, or executed a contract for the phase in whole or in part.</p> <p>(d) The Judicial Council may request the county to implement design changes relating to the project if either the overall effect of the changes do not increase the costs of the project to the county, or the Judicial Council agrees to pay any extra costs caused by the changes.</p>	
<p>Section 70332. The Judicial Council, in consultation with the Department of Finance and the trial courts, and the California State Association of Counties, in consultation with the Department of Finance and the counties, shall develop the procedures for implementing the transfer of responsibility for court facilities from the counties to the state as set forth in this article.</p>	<p>procedures for implementing the transfer of responsibility</p>

<p>ARTICLE 4. Administration of Shared Use Building</p>	
<p>Section 70341. (a) The user rights of the court and the county are based on the proportional allocation of exclusive use facilities within the building for the court and for the county as specified in the agreement, regardless of the entity holding title to the building.</p> <p>(b) The court and the county shall each have exclusive use of the facilities in the building currently used by it, together with the shared use of the common areas, indefinitely and at no cost, subject to the terms of any lease with a third-party lessor.</p>	<p>user rights in shared use building</p>
<p>Section 70342. (a) If the county holds title to a shared use building and the court wishes to have additional space in the building, if the county agrees to allocate additional space, the county may charge the state reasonable rent for any space as may be agreed between the county and the Judicial Council.</p> <p>(b) If the state holds title to a shared use building and the county wishes to have additional space in the building, if the state agrees to allocate additional space, the state may charge the county reasonable rent for any space as may be agreed to between the county and the Judicial Council.</p>	<p>adjustment of space in shared use buildings</p>
<p>(c) If the state and the county jointly hold title to a shared use building and either the court or the county wishes to have additional space in the building, the Judicial Council and the county may agree to modify the amount of space and the charges made for that space.</p> <p>(d) If the state or the county is a lessee in a shared use building owned by a third party and the court or the county wishes to have additional space in the building, the Judicial Council or the county may negotiate with the lessor concerning the amount of space and the charges made for that space. This subdivision does not permit either the state or the county to</p>	

<p>occupy space in the building leased by the other party without the consent of that party.</p> <p>(e) Unless the Judicial Council and the county agree otherwise, if either the Judicial Council or the county desires to decrease the amount of space it occupies in a shared use building, it may do so only after offering the other party the space on the same terms and conditions as to which it has proposed to transfer the space to a third party. Notwithstanding the transfer of space pursuant to this subdivision or the failure to use the space, the Judicial Council and the county are not relieved of their rights and responsibilities under the agreement entered into pursuant to Section 70343, unless that agreement is superseded by a subsequent agreement. As used in this subdivision, a "third party" means an entity other than the court or the county.</p>	
<p>Section 70343. (a) Notwithstanding the manner of holding title to a shared use building:</p> <p>(1) The rights and responsibilities of the Judicial Council, the court, and the county in a shared use building shall be established by an agreement between the Judicial Council and the county which may be modified by the consent of both the Judicial Council and the county. The agreement shall include, but not be limited to:</p> <p>(A) The liability and responsibility for ongoing maintenance and administration of the building.</p> <p>(B) Any agreed-upon conditions involving the ongoing administration of the building.</p> <p>(C) Any agreements concerning general liability for the building, building planning, engineering, design, maintenance, repair, construction, failure to maintain common use areas, and dispute resolution.</p> <p>(D) A provision involving resolution of disputes that may arise under the agreement between the county and the Judicial Council.</p> <p>(2) Unless otherwise specifically provided by agreement between the Judicial Council and the county, the Judicial Council and the county shall share operation and maintenance costs in a shared use building as follows:</p> <p>(A) Each entity is responsible for the operation and normal day-to-day maintenance costs of that space in the building exclusively used by the entity.</p>	<p>agreements regarding rights and responsibilities in shared use buildings</p>
<p>(B) Each entity shall share the operating and normal day-to-day maintenance costs for the common space in the building based on the proportionate amount of space exclusively used by each entity.</p>	
<p>(C) Each entity shall share the major building repairs and maintenance affecting the entire building, including, but not limited to, common areas, based on the proportionate amount of space exclusively used by each entity.</p> <p>(b) The use of space in a joint-use building by both the court and the county shall be compatible with the building and shall not deteriorate or diminish the ability of either the county or the court to use the remaining space effectively.</p>

<p>section, the Controller shall calculate a penalty on any delinquent payment by multiplying the amount of the delinquent payment at a daily rate equivalent to 1 1/2 percent per month for the number of days the payment is delinquent. Penalty amounts calculated pursuant to this subdivision shall be paid by the county to the Court Facilities Trust Fund no later than 45 days after the end of the month in which the penalty was calculated.</p> <p>(c) The Judicial Council shall provide the Controller with a schedule of the county facility payments at the beginning of each fiscal year. If the amount of the county facility payment changes pursuant to this article, the Judicial Council shall provide the Controller with a new schedule of payments within 30 days of the change.</p>	<p>penalties for delinquent payments</p>
<p>Section 70354. The components of the county facilities payment are based on the actual annual direct and indirect county expenditures on court facilities. In the case of a shared use building, the amounts are prorated for the court's usable space in the building as a percentage of total usable space in the building. The determination of the court's usable space and the total usable space shall be made by the standard methodology used for determining usable space by the Department of General Services.</p>	<p>general components of county facility payments</p> <p>actual direct and indirect county expenditures</p> <p>prorated amounts in shared use buildings</p>
<p>Section 70355. <u>(a)</u> Except for the value computed under Section 70359, all values listed in this article shall be adjusted from the fiscal year of the expenditure to the <u>month of the</u> effective date of transfer for inflation using, as the inflation index, the average of the following three indices from the Bureau of Labor Statistics Producer Price Index, <u>all rebased to equal 100 as of January 1996:</u></p> <p>(<u>a</u>1) Building cleaning and maintenance services (Series Id PCU 7349).</p> <p>(<u>b</u>2) Operators and lessors of nonresidential buildings (Series Id PCU 6512).</p> <p>(<u>c</u>3) Maintenance and repair constructions (Series Id PCU BMRP).</p> <p><u>(b) For purposes of this section, "rebasing" means dividing all the values of the price index for the period to which the values are to be rebased, and multiplying the results by 100.</u></p>	<p>Inflationary adjustments</p> <p><u>Revisions made per SB 256</u></p>
<p>Section 70356. The following items shall be included in the county facilities payment based on a five-year average of expenditures made by the county for facility operation and maintenance. <p>Section 70357. The cost of utilities shall be included in the county facilities payment by calculating the average consumption of utilities for the fiscal years 1995-96 to 1999-2000, inclusive, and multiply the consumption averages by the 1999-2000 rates, and multiplying the value by the increase in the inflation index <u>specified in Section 70355</u> from January 4, 2000, to the <u>month of the</u> date of transfer of responsibility for the court facilities from the county <u>to the state, inclusive</u>. As used in this section, utility costs include, but are not limited to, natural gas, heating oil, electricity, water, sewage, and garbage. The consumption rates for 1999-2000 shall be the average of the rates for each month of that fiscal year. Utility costs shall be included without regard to whether payment of the costs was made by the county, the court, or another entity, except that the amount of specific utility costs may not be included in the county facilities payment if all of the following conditions are satisfied:</p> <p>(a) A lease expressly provides that the utilities are to be paid by the lessor.</p> <p>(b) There is no payment by the lessee for the utilities, except as part of the lease payment.</p> <p>(c) The lease payment is included in the county facilities payment.</p>	<p>utility costs</p> <p><u>Revisions made per SB 256</u></p>
<p>Section 70358. Insurance costs shall be included in the county facilities payment. If the actual expenditures made by the county are used to determine the amount, the expenditures shall be based on the 1999-2000 fiscal year multiplied by the increase in the inflation index <u>specified in Section 70355</u> from January 4, 2000, to the <u>month of the</u> date of the transfer of responsibility for the court facilities from the county to the state, <u>inclusive</u>.</p> <p>The amount of insurance may not include the cost of any insurance required by any agreement involving bonded indebtedness on the facility to the extent that the cost of insurance is greater than the cost of commercial insurance coverage on the building.</p> <p>The determination of the insurance costs may consider the costs of commercial insurance coverage for a fair and reasonable level of insurance and the costs of self-insurance. The length of time payment that may be made from the courthouse construction fund is to be calculated by the length of the lease entered into before July 1, 2002, plus any one renewal or extension of not more than five years entered into on or after July 2, 2002. <p>Section 70372. (a) Except as otherwise provided in this article, there shall be levied a state court construction penalty, in addition to any other state or local penalty including, but not limited to, the penalty provided by Section 1464 of the Penal Code and Section 76000 of the Government Code, in an amount equal to five dollars (\$5) for every ten dollars (\$10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including, but not limited to, all offenses, except parking offenses, as defined in subdivision (i) of Section 1463 of the Penal Code, involving a violation of a section of the Fish and Game Code, the Health and Safety Code, or the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. Any bail schedule adopted pursuant to Section 1269b of the Penal Code may include the necessary amount to pay the state penalties established by this section, by Section 1464 of the Penal Code, and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine. After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it immediately to the county treasury and the county treasurer shall transmit these sums as provided in subdivision (f).</p> <p>(b) In addition to the penalty provided by subdivision (a), for every parking</p>	<p>surcharge for criminal offenses</p>

offense where a parking penalty, fine, or forfeiture is imposed, an added state court construction penalty of one dollar and fifty cents (\$1.50) shall be included in the total penalty, fine, or forfeiture. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or 1463.009 of the Penal Code. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency which elects to process parking violations shall pay to the county treasurer one dollar and fifty cents (\$1.50) for the parking penalty imposed by this section for each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall transmit these sums as provided in subdivision (f).

(c) Where multiple offenses are involved, the state court construction penalty shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the state court construction penalty shall be reduced in proportion to the suspension.

(d) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state court construction penalty prescribed by this section for forfeited bail. If bail is returned, the state court construction penalty paid thereon pursuant to this section shall also be returned.

(e) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state court construction penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(f) Within 45 days after the end of the month that moneys are deposited in the county treasury pursuant to subdivision (a) or (b), the county treasurer shall transmit the moneys to the State Controller, to be deposited in the State Court Facilities Construction Fund.

Section 70373. (a) To provide additional funds for maintaining and expanding the uniform accessibility of the courts and judicial process throughout the state, the following surcharges are added to the total fee for filing the first appearance fee paper by a party in the following actions:

The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

(b) In each authorized county, provided that the board of supervisors has adopted a resolution stating that the implementation of this subdivision is necessary to the county for the purposes authorized, with respect to each authorized fund established pursuant to Section 76100 or 76101, for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents (\$2.50) shall be included in the total penalty, fine, or forfeiture. Except as provided in subdivision (c), for each parking case collected in the courts of the county, the county treasurer shall place in each authorized fund two dollars and fifty cents (\$2.50). These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or 1463.009 of the Penal Code. The judges of the county shall increase the bail schedule amounts as appropriate to reflect the added penalty provided for by this section. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency which elects to process parking violations shall pay to the county treasurer two dollars and fifty cents (\$2.50) for each fund for each parking penalty collected on each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall deposit all those sums in the authorized fund. No issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges established in the resolution adopted pursuant to this chapter, except as otherwise agreed upon by the local governmental entities involved.

(c) The county treasurer shall deposit one dollar (\$1) of every two dollars and fifty cents (\$2.50) collected pursuant to subdivision (b) into the general fund of the county.

(d) The authority to impose the two-dollar-and-fifty-cent (\$2.50) penalty authorized by subdivision (b) shall be reduced to one dollar (\$1.00) as of

the date of transfer of responsibility for facilities from the county to the Judicial Council pursuant to Article 3 (commencing with Section 70321) of Chapter 5.1, except as money is needed to pay for construction provided for in Section 76100 and undertaken prior to the transfer of responsibility for facilities from the county to the Judicial Council.

(e) The seven dollar (\$7) additional penalty authorized by subdivision (a) shall be reduced in each county by the additional penalty amount assessed by the county for the local courthouse construction fund established by Section 76100 as of January 1, 1998, when the money in that fund is transferred to the state under Section 70402. The amount each county shall charge as an additional penalty under this section shall be as follows:
